## **African Ceramics**

**An Illustrated Talk by Herbert M. (Skip) Cole**

**Monday, June 8, 2026**

**4:30-6:00 pm**

***At the Gallery at Monarch Dunes (MAC Building)***

African ceramics were made as early as 500 BCE and found in dozens of archaeological sites since. A huge and astonishing variety of human and animal figures of remarkable artistic quality and ritual use come from the continent in dozens of styles, as well as handsome domestic pottery. This talk will survey highlights of ceramic ware and terra cotta in local context.

**This presentation is complimentary**
